## INDEX TO VOLUME 38

SEPTEMBER 1964 TO AUGUST 1965

### GENERAL ALPHABETICAL INDEX

A		Month	Page		Month	Page
Abbott Dairies				Current aims in aerosols	August	177
Milk in a bag	August	107		Economy with CO <sub>2</sub> propellant; American Home Products Corp., Boyle Midway Div.	September	107
Abbott Laboratories				European aerosol facts	October	266
Packaging pacemakers; drive for top-notch packaging	April	126		New marketing pressure for aerosols; West Germany	June	78
Tablet dispenser borrows best of metal and plastics	March	153		New rules for aerosols?	July	206
Value analysis in packaging; Howard A. Richards	May	134		Non-food aerosols	March	142
Abrasive cleansers	June	186		150% gain for aerosols in Argentina predicted	June	78
Acetal aerosol containers	February	186		Pharmaceutical aerosols	January	39
Acetal aerosols	October	153		Refillable steel aerosols for shampoos and hair dressings; Nilsen Mfg. Co.	June	58
With 1-in. valves; Celanese Plastics Co.	June	54		Safe use of hydrocarbon propellants in aerosol packaging lines; Doughboy Industries, Inc. (Elgin Mfg. Div.)	August	58
Acids; rectangular polyethylene container for	January	119		Undercap filing for aerosols	August	148
Acrolite International Aerosols				Warnings under Hazardous Substance Labeling Act	April	41
Spray-can labels introduce new models to artists	October	129		Weight checking of aerosols; Stephen Hasko	July	141
				A wider world of aerosols	April	97
				Winners in contest of Chemical Specialties Manufacturers Assn.	January	182
ACRYLICS				Air shipments, regulations for	December	96
Acrylic-based bottle resins; American Cyanamid Co.	June	60		Alberto-Culver Co.		
Formulation for blow-molded bottles aimed at pharmaceutical, cosmetic and food uses	February	186		Heat-transfer labeling of plastic tubes	March	158
Acushner Process Co.				Alco Products, Inc.	May	215
Plastics board blend adds zip to gold-ball merchandiser	September	118		Coatings for locomotives shipped overseas		
Adams Extract Co.						
User of plastics paper foil challenges for tube markets	June	102				
Adhesive applicator, Compact hot-melt; United Shoe Machinery Corp.	March	70				
ADHESIVES				ALCOHOLIC BEVERAGES		
Carton sealing with hot melts	February	150		Beer in home refrigerators	October	44
High-speed adhesive applicators; Possis Machine Corp.	July	170		Beer industry; package innovations	March	141, 142
Hot-melt adhesive applicator; Spraymation	May	60		Beer on tap at home; Falstaff Brewing Co.	January	95
Hot-melt adhesive for use with films; Morningstar-Paisley Co.	September	64		Beer shippers	October	139
Hot-melt adhesives	May	154		'Cameo carton' for whiskey; Jack Daniel Distillery	May	150
Hot-melt saves space, money; Narragansett Brewing Co.	September	147		Captive can-making by brewers	October	142
Hot-melts	October	113		Carton design shows re-use of modern/traditional decanter; Dr. Grupe & Co.	May	46
Hot melts, other packaging adhesives; National Starch & Chemical Corp.	September	204		Carton imprinter; Adolph Gottschalk, Inc.	January	93
Hot melts used to seal heavily waxed and coated cartons; Con-Mech Engineers, Ltd.	March	66		A base for a three-piece case; returnable shippers; Hudepohl Brewing Co.	October	60
Impact of hot-melt compounds	March	288		Corrugated shippers for beer	June	104
Improved adhesives for polyethylene; Swift & Co.	September	202		Debut of the tear-tab beer can in England	July	95, 99
Improved random-size case sealer/gluer; use of hot-melt adhesives; General Corrugated Machinery Co.	February	56		Economy size gaining in liquor field	December	80
Making one can out of two; for epoxy cement; W. J. Roscoe Co.	September	140		Foam multipack for wine lets users 'dial' label copy; Paul Masson Vineyards	January	42
Modified resin adhesive; Commercial Paste Co.	March	256		French wines in polyvinyl chloride	February	106
New hot-melt adhesive applicator; United Shoe Machinery Co.	November	60		Gallon can of beer converts to refrigerator-storage 'keg'; Atlantic Brewing Co.	February	100
Packaging adhesives based on EVA copolymers	October	154		'Home Keg' for Schlitz	September	119
Pattern coater for applying hot-hot melt or thermoplastic adhesives; International Paper Box Machine Co.	December	56		Hot melt saves space, money; Narragansett Brewing Co.	February	183
Polyvinyl acetate adhesive for cartons; Norfolk Industries, Inc.	October	58		An 'impossible' embossed can for malt liquor; Jos. Schlitz Brewing Co.	September	147
Pouching with hot melts; General Motors	October	136		Liquor decanters	July	104
				Long-life plastics beer case; Barey-Schoeller Enterprises, Ltd.	December	44
AEROSOL CONTAINERS				Market for wine in Belgium; glass containers	September	204
Acetal aerosol container	February	188		Opening devices for beer cans and bottles; Japan	July	80
Drawn and ironed tin aerosol container for cosmetics and toiletries offers seamless construction; American Can Co.	September	60		PE plugs for non-standard wine bottles; East Germany	June	76
'Family' of aerosol sizes broadens market target for spray anesthetic; Pharmaceutical Div. of Sea & Ski Co.	May	128		Plastics beer barrel developed in West Germany	October	92
For pharmaceuticals	April	99		Preview of a label change; National Brewing Co.	December	82
New aerosol can; Heeking Can Co.	August	56		Progress of aluminum in beer packaging	February	106
Aerosol growth; annual report of Chemical Specialties MFRS. Assn.	September	235		Record speed for beer canning; Jackson Brewing Co.	August	45
Aerosol hair spray; Maradel Products, Inc.	July	102		Sweet wine in polyethylene jugs; Lamb & Watt (England)	August	104
Aerosol packaging machinery	December	127		Tear-off crown cap for beer bottles; Joseph Schlitz Brewing Co.	December	80
Aerosol toiletries for men	July	45		Twist-off cap for beer bottle; Pittsburgh Brewing Co.	September	103
				Types of containers for distilled spirits and denatured spirits	March	153
AEROSOLS				Versatile new high-speed cartonizer; Cal-Crown Corp.	February	41
Acetal aerosols	October	153		Wine in a foil pouch; Castel Wines of Bordeaux	January	54
Acetal aerosols with 1-in. valves; Celanese Plastics Co.	June	54		Wine in a foil pouch; Castel Wines of Bordeaux	April	108
AMA seminar	May	236		Allyl Chemical's General Chemical Div.		
				Four materials make a 'supercan' for volatile chemicals	January	92
				Alloy Automotive Co.		
				Combine of efficiency; switch in protective wrappings and shift to automatic packaging	January	115

	Month	Page
All-Pak, Inc. Packaging seminar	November	226
<b>ALUMINUM</b>		
All-aluminum cup promotes 'romantic' image for snacks; Daiteh Crystal Dairies	February	106
Aluminum coated steel	March	134
Beer on tap at home; returnable aluminum keg; Falstaff Brewing Co.	October	139
Booms in packaging; shipments to can manufacturers	September	44
Can plate coated with vacuum-deposited aluminum; U.S. Steel	June	48
Cans; 1-cent reward for return; Coors Brewing	August	45
Closures	September	103
Food packages	March	135
Gutters and downspouts; polyethylene strapping for; Quaker State Metals	November	132
High-speed canning in aluminum; tuna-fish line; Dulany Foods, Inc.	October	130
New ideas for aluminum packaging; Alcoa Student Design Competition for Packaging	June	206
Progress in beer packaging	August	45
Rise in aluminum packaging	June	45
Tear-off aluminum top for cans	September	243
Aluminum foil (see Foil)		
American Can Co. Presentation of 'gold' can to The Morgan Packing Co.	February	197
American Colloid Co. One shipper replaces 30 for powdered industrial product	March	189
American Cosmetics Corp. Overcap shows off a premium; hair spray container	April	109
American Home Products Corp. See also Ayers Laboratories American Home Products Corp., Boyle-Midway Div. Economy with CO <sub>2</sub> propellant for insecticides	September	107
American Management Assn. Packaging Show (see National Packaging Exposition) Paperboard seminar	November	223
Report from conference in Chicago	June	124
Seminars	May	226
American Paper Institute	January	158
American Photoengraving Co. Low-cost utility skin pack eases an industrial chore	October	126
American Research Merchandising Institute Survey; non-food items in supermarkets	October	44
American Standards Assn. Conference on retail packaging standards	February	96
American Sugar Co. Embossing as a bonus	March	194
American Tobacco Co. The solid gold cigarette	March	192
Anderson, Clayton & Co. Table appeal for margarine	August	112
<b>ANIMAL FOODS</b>		
Booming market for pet-food packaging; European Common Market countries	February	78
Moist pet foods in film pouches need no refrigeration; General Foods Corp.	October	128
Pet-food packaging	February	78
Argentina 150% gain for aerosols predicted	June	78
Aristocrat Ice Cream Co. Two-piece ice-cream lid	October	123
Armour Grocery Products Zip opening for bigger cans	June	103
Atlantic Brewing Co. Gallon can of beer converts to refrigerator-storage 'keg.'	September	119
Aurora Plastics Corp. Materials change without new machinery saves 20%	September	146
<b>AUSTRIA</b>		
Demand for more plastics in packaging	September	86
Packaging trends	September	86
Austrian Packaging Center	February	78
Avery Label Co. Double-duty label	June	120
Avon Products, Inc. Prize-winning beauty and function	September	140
Ayerst Laboratories Div. of American Home Products Corp. Linerless lock-in cap for a pharmaceutical product	December	115
Stand-up showcase molded of polypropylene-polystyrene	September	141
<b>B</b>		
<b>BABY ACCESSORIES</b>		
Hand packaging for flexibility; baby gift sets; Johnson & Johnson	October	148
Bag-in-box containers; high-speed filling of; Scholle Containers Corp.	March	260
<b>BAG MAKING</b>		
Handling film on rebuilt unit	September	174
New PE film resins used in making bags; U.S. Industrial Chemicals Co.	May	56
Polyethylene-bag forming machine; Conapac Corp.	March	72

## BAG PACKAGING

Automatic bag-closing machines; Dave Fischbein Co.	January	52
Bagger for open-mouth multiwalls; Secc, Inc.	February	60
Faster bagging at lower costs; Western Salt Co.	February	120
Fluidizing theory for bag filling; O.R. Titchenal	December	133
High-speed automatic bag loader; Amasco Packaging Machinery, Inc.	May	198
Machine bagging of loaves of bread; Munzenmaier Bakery	February	120
New bagging machine, liquid-chocolate packager to make debut; Mira-Pak, Inc.	March	64
New code dater for bag loaders; Kordite Corp.	July	170

## BAGS

(See also Multiwall Bags; Plastics Bags)		
Bulk bag with wet-strength carry handle; Switzerland	June	76
Dual-tube unit forms, fills, seals bags; Triangle Package Machinery Co.	July	56
Economy in a self-closing bag; resealable re-use bag for fishing gear; Ideal Fishing Float Co.	March	148
First 'structured-film' all-plastics shipping bag can be adapted to many uses; U.S. Industrial Chemical Co.	August	52
Insectproof bags for foodstuffs; India	December	82
Milk in a bag; Abbott Dairies	August	107
New leak test for bags; R. Sherman and H.C. Mannheim	January	136
New method for making PVC shipping bags; Accelerated Industries	June	158
New unit marks flexible film bags; Bell-Mark Corp.	September	202
Sealing of industrial bags	January	138

## BALING EQUIPMENT

Bale-packaging machine; Del Industries	October	208
Bananas (see Food Packaging; Produce)		
Bantam-Life, Inc. Engineering makes the difference; plastics box for miniature keyhole-locator flashlight	January	101
Barnes-Hind Laboratories, Inc. Economy in labeling	February	121
Barrier packs, Line testing of. James A. Sargent	February	140
Barton's Candy Corp. Candy moves toward automation	September	148

## BATTERIES

Packaging-program bonus; 35% over-all cost reduction of engine parts; Gould-National Batteries, Inc.	January	115
Bayuk Cigars, Inc. New appeal for cigars	April	124
Belgium's Propack; a small beginning	August	134
Berns Air King Corp. Use of vinyl-plastisol strippable film	May	146
Bettmgen Nut Co., Inc. Cost saving on the line; vibratory feeders on filling machinery contributed to a 50% production increase	March	189

## BEVERAGES

Alcoholic (see Alcoholic Beverages)		
All-plastic beverage cartons made from polyethylene resins; E.I. Du Pont de Nemours & Co.	January	152
Bottles decorated by electrostatic printing	May	43
Bulk dispensers in home refrigerators	October	44
Canned carbonated soft drinks; Pacific Food Products Co.	February	185
Case for the molded case	November	106
Coke's test of flip-off cap	March	154
Containers exhibited at Packaging Show	May	150
Decoration of bottles for soft drinks; electrostatic printing	May	43
Forecast: 15 million plastics 24-bottle-carrier cases will be in circulation for soft drinks	March	288
Instant beverages portion packed in cups; Bev-Maid, Inc.	May	121
New gain for plastics cases; Hammer Beverages	March	188
New one-way soft-drink carrier; Olin Mathieson Chemical Co.	August	56
Reseal cap for bottled carbonated beverages; France	December	80
Soft drinks — also kissing the opener goodbye?	March	295
Soft drinks in bottles decorated by electrostatic printing	May	43
Warning to glass industry; defence against metal	June	45
Bev-Maid, Inc. Instant beverages portion packed in cups	May	121
Black & Decker Co. Hang package sharpens appeal of rotary saw blade	December	103

## BLEACHING

Bleaching of woodpulp; Weyerhaeuser	June	48
-------------------------------------	------	----

## BLISTER PACKAGES AND PACKAGING

Blister dispenser package for line of button-size hearing-aid batteries; Ray-O-Vac Co.	September	120
Blistering of laminations	June	142
Cellulosics; use in blister packaging	February	186
Curly problem in blister pack	April, 156-May	222
Die cutter for blister cards; American Packaging Corp.	February	58
High-speed sealer for blister packs; American Packaging Corp.	June	60

## BLOW MOLDING

Blow-molding machine to be installed by Buick	August	48
Blow-molded cans for power steering and transmission fluid; Humble Oil	August	48
Extrusion blow-molding machines at International Packaging Exhibition, Paris	January	117

	Month	Page		Month	Page
High-output blow-molder for gallon containers; Kautex Machines	September	204	Plastics bottles; economy in labeling; Barnes-Hind Laboratories, Inc.	February	121
Impact of blow-molded plastics bottles; international survey	December	80	Plastics bottles; New day for	March	136
Injection blow-molding process for plastics; Ilikon Corp.	December	44	Plastics bottles; price increases	May	248, 250
Intermediate size blow molder; Midland Ross Corp.			Plastics bottles seek new markets; England	July	60
Waldron-Hartig Div.	February	58	Plastics bottles; What's happening in handling?	December	114
New high-density PE blow-molding resin; Phillips Petroleum Co.	January	52	Plastics; exhibits at Packaging Show	May	148
Polyvinyl chloride containers	February	188	Plastics milk bottles	December	180
Radial blow molder forms PVC, polyethylene, other plastics containers; Strong Plastics, Inc.	February	52		March	163
604-qt. blow-molded plastics container; developed by Kautex Werke; sold to Harcostart, Ltd.	July	82		April	41
Use of high-density polyethylene	February	186		July	195
BNT Products			Polyethylene (see Polyethylene Bottles and Tubes)		
Heavy tools in a multipack	August	107	Polystyrene	October	152
Boggiatto Ranch & Packing Co.			Polyvinyl chloride	October	41, 44, 152
Upgrading a produce 'oddy' with shrink-wrapped four-pack trays	February	113		January	161
Bond Pickle Co.				February	100
Economical table appeal; sweet-corn relish in glass jar	October	126		March	46, 68
<b>BOOK REVIEWS AND COMMENTS</b>				July	82
Adhesive Materials- Their Properties and Usage; Irving Katz	April	182		August	103
American Tomato Yearbook	December	177	Rotary trimmer for plastics bottles; Foremost Machine Builders, Inc.	October	60
Blue Book of Automatic Merchandising	September	227	Shrink-film wrapper for empty bottles and jars	January	119
The Businessman's Guide to Europe	July	48	Silk-screen bottle printer; Lawson Printing Machine Co.	June	60
Food Industry Yearbook	October	220	Six improvements to polyethylene bottle boost sales of liquid sweetener; Mutual Citrus Products Co.	November	133
Package Printing; Robert P. Long	January	154	Tamperproof label for screw-cap bottles; Kleen-Stik Products	September	204
Pulp & Paper: Statistics, 1963; Trend, 1964; McGraw-Hill	February	174	Thin-wall milk bottles	November	92
Trademarks in the Marketplace	October	220	Trylon shaped glass bottle for liquid sugar substitute; Abbott Laboratories	September	139
U.S. Foamed Plastics Markets & Directory	September	227	Unit prints glass, plastic, metal bottles; Bemo-Matic Corp.	February	60
Borden Company, The			What's happening in bottles?	December	114
Achievement as a Packaging Pacemaker	February	108	Bottom-coding machine; Adolph Gottcho, Inc.	June	58
Bostik AB			<b>BOXBOARD</b>		
Flow-control polish dispenser	October	129	Quality tests; England	November	84
Bostitch, Inc.			<b>BOXES</b>		
8 materials in dual-purpose shipper	April	135	(see also Corrugated Containers; Shipping Containers)		
<b>BOTTLE CARRIERS</b>			Best set-up boxes; annual International Rigid Paper Box Competition	June	122
One-cell plastics bottle carrier; Union Carbide Corp.	September	62	Functional plastics box keeps products safely separate; Prentice-Hall, Inc.	June	103
<b>BOTTLES</b>			New coatings add strength to boxes; St. Regis Paper Co.	April	62
(see also Closures)			Return to paperboard; storage case for micro-projector; A. C. Gilbert Co.	November	96
Acceptability of plastics milk bottles	August	115	Boyle Midway Div. See American Home Products Corp.		
All-lastics bottle and multicarrier for orange-juice; Sunnyland Juice Corp.	May	128	Brands (see Trademarks and Brands)		
Battle between paper and plastics for 1/2-gal. and 1-gal. milk-container market	November	41	Why single-unit packaging of tablets?	December	82
Big test for PVC; container for mouthwash; Colgate-Palmolive Co.	January	88	Brewers' equipment (see Alcoholic Beverages)		
Blow-molded acetal copolymer aerosol bottles; Celanese Plastics Co.	June	54	Bristol-Myers Co.		
A case for a three-piece case; returnable shippers; Hudepohl Brewing Co.	June	104	'Disappearing' boot builds sales for hair cream	June	111
Case packer for bottles; Shuttleworth Machinery Co.	March	64	Toothpaste; new ingredient dictates 'ethical' design look	October	127
Cold enameling	March	290	British Institute of Packaging		
Decoration by electrostatic printing	May	43	Conference on need for speed	January	164
Economy in PVC bottles for fruit drinks	September	84	<b>BRUSHES</b>		
Engineering a conversion to plastics bottles for tablet and capsule products; Sumner Kaufman	February	122	Functional re-use; all plastics carry-handle bag for paint brushes; Majestic Brush Mfg. Co.	July	136
Exhibits at International Packaging Exhibition, Paris	January	117	Bulk Packaging & Containerization Institute		
Four-line unit delivers bottles to fillers; Kinsley Timing Screw Co.	June	160	Conference during Packaging Show in Chicago	June	198
Glass treatment lowers damage; Owens Illinois Glass Co.	September	62	<b>BUNDLING</b>		
Hair-care product first in domestic PVC bottle; LaMaur, Inc.	September	119	Automatic bundling of tubing; Cerro Copper & Brass Co.	November	104
The first phenoxy bottle; Optrex, Ltd.	July	129	Semi-automatic bundlers	July	128
Handling plastics containers	October	190	Burger Brewing Co.		
High-barrier copolymer bottle holds aromatic bath oil; Person & Covey, Inc.	January	89	Bottle with built-in "opener" on the bottom	September	106
High-density-polyethylene returnable carriers for beer bottles; Swedish Packaging Award winner	January	119	Business outlook	June	45
High-speed multipacker; Continental Can Co.	November	58	Butler Mfg. Co.		
Impact of blow-molded plastics bottles; international survey	December	80	Use of non-foam strippable vinyl to protect prefabricated stainless-steel building panels	May	146
Improved unit applies folders to bottles; Outserts, Inc.	March	68			
New acrylic-based bottle resin; American Cyanamid Co.	June	60	<b>C</b>		
New high-density PE blow-molding resin for production of bleach and detergent bottles; Phillips Petroleum Co.	January	52	Calgon Co.		
New in-line unit for testing plastics bottles or leakage; Laub Engineering Co.	March	64	Silent salesman in the stockrooms	August	111
New method of applying bottle innerseals; Minnesota Mining & Mfg. Co.	June	56	Can labels. See Labels		
New plastics-bottle feeder; Aidlin Automation, Inc.	April	62	Can plate; coating with vacuum-deposited aluminum; U.S. Steel, Canada	June	48
New resins for bottles	June	142	Plastics bottles developments	April	41
One way for Pepsi-Cola	April	215	Canadian National Packaging Exposition	October	256
Opening devices; Burger Brewing Co.	September	106		January	120
PVC bottles; potents and problems	May	156	<b>CANDY AND CONFECTIONERY</b>		
Phenoxy	February	186	Automated product control; chocolate-bar packaging operation in France; The Nestle Co.'s French affiliate, Societe des Produits Alimentaires et Dietetiques	May	126
Phenoxy bottles; Union Carbide	October	153	Brittle candy in corrugated; Kinney's Kandies	November	133
Plastics bottle case; Belgium	February	76	Candy moves toward automation; Barton's Candy Corp.	September	148
Plastics bottle census	October	274	Dead-fold cellophane for candy wraps; American Viscose Div. of FMC	October	58
Plastics bottles; developments in Canada	April	41	Merger of old-line specialty companies	October	41
Plastics bottles; developments made and to be made	December	112	Polypropylene film for wrapping candies; Extrudo Film Corp.	May	60
Plastics bottles; economical sealing of	July	82	Polypropylene takes aim at candy-wrap market	August	48
Plastics bottles for foods	June	45	Precise weight by count for candies; Follytown Co.	March	156
			Trayer-lidder offers versatile carton of pre-wrapped products		
			R. A. Jones & Co.	September	58

	Month	Page
<b>CANS</b>		
(see also Metal Containers)		
All-plastics can for critical products; Kautex-Werke	February	78
Aluminum (see Aluminum)		
Blow-molded polyethylene and polypropylene oil cans	February	186
Can-industry strike	May	43
Can labeler provides good orientation	January	152
Can makers' growing independence from once-vital tin	August	45
Canned carbonated soft drinks; Pacific Food Products Co.	February	185
Cans for paint and lacquer products; West Germany	December	82
Cans with cemented side seams make possible new		
"wraparound" design; American Can Co.	June	54
Case packer; Shuttleworth Machinery Co.	March	64
Chromium plate used on cans; Fuji Iron & Steel Co.	May	58
Composite cans	May	221
Composite cans: England	June	76
Composite cans sealed with hot melts; Aluminum Co. of		
America	October	58
Displays at Packaging Show	May	152
Four materials make a "supercan" for volatile chemicals;		
Allied Chemical's General Chemical Div.	January	92
Gallon can of beer converts to refrigerator-storage 'keg';		
Atlantic Brewing Co.	September	119
High-speed multipacker; Continental Can Co.	November	58
An 'impossible' embossed can for malt liquor; Jos. Schlitz		
Brewing Co.	July	104
Improved easy-open tear-tab can end; Continental Can Co.	September	206
Insecticide containers; CO <sub>2</sub> propellant; American Home		
Products Corp., Boyle Midway Div.	September	107
Intermediate filler-doser for spray cans; Italy	December	80
Key-opening; California ruling	November	41
Metal-can volume	July	45
New aerosol can; Heekin Can Co.	August	56
New line of truncated cans; National Can Corp.	November	60
New oven for finishing of cans; The Lally Co.	June	158
New unit loads into shipping containers; FMC Corp.	May	58
Overhead conveyor saves steps; Simoniz Co.	August	132
Plastics cans for motor oil; Humble Oil & Refining Co.	July	45
Processes for wrapping cans in corrugated; Continental Can		
Co. and International Paper	April	54
Record speed for beer canning; Jackson Brewing Co.	August	104
Tape opening fibre can for frozen-citrus-juice concentrates;		
Container Corp. of America	October	56
Tea bags in plastics-reclosure 'coffee can'; Victor Coffee		
Co.	November	103
Tear-open can for electronic tubes; Eitel-McCullough, Inc.	October	119
Tear-top cans	September	243
Thin-wall plastics containers	November	91
Two sizes of easy-opening cans available for food, non-food		
products; Continental Can Co.	February	52
Vacuum-packed cans; removing residual oxygen from;		
Metal Box Co. (England)	February	76
Zip opening for bigger cans; Armour Grocery Products	June	103
Carnation Co.		
Package development	September	125
Carding of small products; Jan Packaging, Inc.	July	56
Carnation Co.		
Protective inner seal doubles as a convenient pour spout	August	113
<b>CARTONING EQUIPMENT</b>		
Automatic carton collating	July	127
High-speed bag-in-box packaging; Triangle Package		
Machinery Co.	March	68
Improved vertical carton features smooth action, low		
maintenance costs; Crompton & Knowles Corp.	June	52
New carton for short runs; Crompton & Knowles Corp.	March	256
Research on carton systems; International Container Corp.	December	41
Units form, seal doughnut cartons; Peters Machinery Co.	April	58
Versatile new high-speed carton; Cal-Crown Corp.	January	54
<b>CARTONS</b>		
(see also Corrugated Containers)		
'Accordion action' carton simplifies access to cigars;		
Havata Cigar Corp.	January	93
Alternative to a vacuum can for nut products; vacuumized		
bag-in-carton package; Circus Foods	January	111
Big gain for linerless cartons	July	48
Carton crease-stiffness tester, D. J. Hines	January	130
Carton sealing with hot melts	February	150
Counter carton for golf balls; Acushnet Process Co.	September	118
Egg carton with built-in drain pan; Holland	October	92
Flip-top carton for crackers; United Biscuit Co.	November	113
Frozen-food-carton barrier coating; Mobil Oil Co., Special		
Products Dept.	April	58
Hot melts used to seal heavily waxed and coated cartons;		
Con-Mech Engineers, Ltd.	March	66
Low-cost 'zipper' ice-cream carton; Diamond National		
Corp., Gardner Div.	April	58
Plastics board pour carton	August	148
Plastics liner for corrugated carton; Hedwin Corp.	March	68
Polyvinyl acetate adhesive for cartons; Norfolk		
Industries, Inc.	October	58
Pop-out dispenser for film bags; Union Carbide Corp.	July	138
Prices edge upward	May	248
Two-piece carton for girdle line; Kayser-Roth Liner Co.	August	112
Case loader diminishes container damage; Auto-Case		
Machinery Co.	April	62

## CASE PACKERS

New case packer reduces shock; Lodge & Shipley Co.,		
Climax Products Div.	February	56

## CASE PACKAGING

Case for the molded case	November	106
Case unloader/unscrambler; Chisholm-Ryder Co.	February	54
Castel Wines of Bordeaux		
Wine in a foil pouch	April	108

## CELLOPHANE

Analysis of coatings solvents; measurement of residuals in		
polymer-coated cellophanes; Lyle H. Phifer	November	154
Economical colored cellophane for foods; FMC Corp.,		
American Viscose Div.	December	56
High-yield polymer-coated cellophane; E.I. DuPont de		
Nemours & Co.	August	56
Low-WVT-coated cellophane; Societe La Cellophane	February	78
Polymer-coated cellophane; FMC Corp., American		
Viscose Div.	September	62

## CELLULOSES

Cement (see Adhesives)	February	186
Ceramic coatings (see Coatings)		
Cerro Copper & Brass Co		
Automatic bundling of tubing	November	104
Chesebrough-Pond's, Inc.		
Sweet smell of success? Aroma-impregnated injection-		
molded medium-density polyethylene collar applied to		
glass bottles for perfume-scented nail polish	March	190
Cheese (see Dairy Products)		
Chemical Specialties Manufacturers Assn.		
Annual meeting	January	182
Chemicals (see Drugs and Chemicals)		
Chocolate (see Food Packaging)		
Chrysler Corp.		
Redesign to save trade name	September	112
Chun King Corp.		
Accurate pouching without leakers	September	114

## CIGARETTES

Cigarettes in polystyrene pack; England	July	80
Image engineering in surface design; United Tobacco Co.	February	78
Label changes	December	41
Polypropylene for cigarettes; Venezuela	June	78
The solid gold cigarette; American Tobacco Co.	March	192

## CIGARS

'Accordion-action' carton simplifies access to cigars;		
Havata Cigar Corp.	January	93
Cigars in one-piece accordion-action paperboard five		
pack; Hav-a-Tampa Cigar Corp.	March	141
Multipack commemorating New York World's Fair;		
General Cigar Co.	November	102
New appeal for cigars; Bayuk Cigars, Inc.	April	124
Circus Foods		
Alternative to a vacuum can; vacuumized bag-in-carton		
package	January	111
Citrus juice concentrates; Container Corp. of America	October	56
Cleanliness of parts; standards and test methods of measuring	May	174
Cleaners (see Soaps and Cleaners)		

## CLOSING MACHINES

(see Sealing Equipment and Supplies)

## CLOSURES

Actuator caps for canned aerosols	April	100
Better lids for dairy cups; Yogurt Master	October	122
Capper for large-mouth jars; Resina Automatic		
Machinery Co.	September	206
Closing unit for collapsible tubes; National Instrument Co.	April	178
Coke's test of flip-off cap	March	154
For orange-juice container; Sunnyland Juice Corp.	May	128
Improved high-speed screw capper; Resina Automatica		
Machinery Co.	June	58
Liner-retention closure; J.E. Everett	September	168
Linerless polypropylene lock-in cap for a drug product;		
Ayers Laboratories Div. of American Home Products		
Corp.	December	115
Markets for decorative foil capsules; basic supplier,		
Andersen & Brunn	November	60
Minicell bottle crown liner; W. H. Hutchinson & Son, Inc.	September	64
New plug-inserting device for bottles; Design & Installations,		
Ltd.	June	58
New two-color aerosol overcap; Pittsburgh Plastics	July	56
New unit applies PE caps to cups; Del Industries	June	58
Novel pous spout retracts for stacking small containers;		
Rieke Metal Products	August	54
PE plugs for non-standard wine bottles; East Germany	October	92
Pearlized containers and closures; Cryplex Industries, Inc.	September	202
Phenolics for closures	February	186
Plastics closures; volume and value of	April	44
Plastics reclosures for ground coffee in keyless vacuum		
cans	March	288
Polypropylene cap for pharmaceutical jars	January	118
Pull-tab plastics closures; Dixie Cup Div. of American		
Can Co.	October	64

Cans for paint and lacquer products; West Germany	December	82
Effective tube-closure liners; paints in lead tubes	December	148
Stapling speeds paint-can packaging line; Pittsburgh Plate Glas Co.	October	163
Pakex Show in London	February	201
Palletized multiwalls; Honegger & Co., Inc.	April	102
<b>PALLETS</b>		
Rubber bands steady case packs on pallet; Weetabix, Ltd. (England)	February	76
<b>PAPER</b>		
Bronze decorative effect for paper; Snyder & Black & Schlegel, Inc.	March	258
Dutch paper industry	September	84
Kraft paper, Adding strength to; Poland	October	92
Modified resin adhesive for bonding kraft to kraft paper; Commercial Paste Co.	March	256
Paper Div. of The Pillsbury Co.	June	117
Paper-wrapped shippers	July	100
Products of Swedish paper mills	January	119
Rise in paper consumption for packaging is forecast; Sweden	July	80
Thermoset glass finish for paper; American Can Co., Marathon Div.	January	52
VCI (volatile corrosion inhibitor) papers	January	42
Wet-strength paper for tags and labels; Permafiber Corp.	January	152
Paper Boxes (see Boxes)		
<b>PAPER CONTAINERS</b>		
PE-coated cottage-cheese cup; American Can Co., Dixie Cup Div.	October	58
Paper labels (see Labels)		
Paper-making machine	September	267
<b>PAPER SIZE</b>		
Wet-end paper size; Minnesota Mining & Manufacturing Co.	February	58
<b>PAPERBOARD</b>		
Improvements in bleached board; West Virginia Pulp & Paper Co.	December	56
Return to paperboard; micro-projector package; A. C. Gilbert Co.	November	96
Use in composite container	November	44
Paperboard seminar; American Management Assn. seminar	November	223
Parfums D'Orsay		
Low-cost 'shadow' sample	September	118
<b>PATENTS</b>		
U. S. Patents Digest (see Table of Contents, page 3 of MODERN PACKAGING, each month)		
Paulson Machine Co.		
Development of tear tape	November	56
<b>PEAT</b>		
Big, strong bag for peat; Western Peat	November	142
Pentagon Plastics, Inc.		
Simple, unobstructed closing of corrugated containers	July	134
<b>PEPPER</b>		
Pouch-packaging; Lawry's Foods	September	138
Pepsi-Cola bottles	April	215
Ferfumes (see Cosmetics and Toiletries)		
Permeability and shelf life; L. R. Brown	October	184
Person & Covey, Inc.		
High-barrier copolymer bottle holds aromatic bath oil	January	89
Pet Foods (see Animal Foods)		
Petroleum waxes in packaging materials	September	44
Petroleum waxes, safety of; A. J. Turchetti	September	163
Pfizer, Chas. & Co., Inc.		
Accuracy in miniatures; machine filling of polyethylene pipettes holding eye drops	November	98
Product-related books used as 'hitch-hike' premiums	March	151
Shrink wrap in suspension; mail-order packing by creating platform loads of small drug containers wrapped in PVC, then cushioned in corrugated	January	90
Pharmaceuticals (see Drugs and Chemicals)		
<b>PHENOLICS</b>		
Use for closures	February	186
<b>PHENOXIES</b>		
Phenoxy bottles; Union Carbide	February	186
Pic 'n Pac Frozen Foods, Inc.	October	153
Gravity filling cuts damage	May	158

New design for packaged ice-cream cones .....	July	106	Impact tester for tape; Thwing-Albert Instrument Co. ....	October	60
Switzerland .....			In-package testing of hearing-aid batteries; Ray-O-Vac Co. ....	September	121
Annual packaging competition .....	October	90	Leak testing of barrier packs; James A. Sargent .....	February	340
Device for measuring gas permeability .....	October	90	New instrument measures WVTR; Testing Machines, Inc. ....	January	52
Expenditures for packaging .....	September	86	New in-line unit for testing plastics bottles for leakage; Laub Engineering Co. ....	March	64
Packaging trends .....	September	86	New leak test for bags; R. Sherman and H. C. Mannheim ..	January	136
	November	84	Package testing; Packaging Institute seminar .....	December	127
<b>SYNUPS</b>			Standard for odor testing; England .....	October	92
(see Liquid Containers)			Standards and test methods used to measure parts cleanliness .....	May	174
<b>T</b>			Testing plastics tubes .....	July	152
<b>TABLETS</b>			Vibrator for testing packages; L. A. B. Corp. ....	February	58
Electronic tablet counter; The Burnet Co., Production Equipment, Inc., Div. ....	October	64	<b>TEXTILE PRODUCTS</b>		
<b>TAGS</b>			Germany's plan for textiles .....	February	95
Wet-strength paper for tags and labels; Permafiber Corp. . .	January	152	<b>THEFT</b>		
Tamperproofing (see Theft)			New device prevents package tampering; No-Vac, Inc. ....	February	56
<b>TAPE AND TAPE DISPENSERS</b>			Simple tamper guard for food caps; Louis Sherry Preserves, Inc. ....	February	98
Acetate disks cushion recording tape against damage; Consolidated Electrodynamics Corp. ....	May	129	Study of pilfering .....	November	44
Impact tester for tape; Thwing-Albert Instrument Co. ....	October	60	Tamperproof label for screw-cap bottles; Kleen-Stik Products	September	202
New method of applying tear-tape openings lowers cost; DuPont of Canada, Ltd. ....	November	56	Tamperproof label results in 50% saving; Sevenstrand Tackle Mfg. Co. ....	November	132
New filament tape for packaging; Minnesota Mining & Mfg. Co.	April	180			
New tapes and tape printer; Com-Tech Products Corp. ....	March	256			

	Month	Page		Month	Page
Tamperproofing devices used in aerosol-packaging .....	April	212	Pipettes holding eye drops, filling of; Chas. Pfizer & Co., Inc. ....	November	98
<b>THERMOFORMING</b>			Plastics/paper/foil challenger for tube markets; Adams Extract Co. ....	June	102
Candy moves toward automation; Barton's Candy Corp. ....	September	148	Printing on heavy-duty plastics tubing; West Germany ....	January	70
Deep-drawn thermoformed containers; Plastic Enterprises, Inc. ....	September	202	Rotogravure printing on tubes made possible by new plastics/paper/foil material; American Can Co. ....	May	54
In-plant thermoforming .....	October	227	Self-sealing cap and plastics tube; winner of Swedish Packaging Award .....	January	118
Low-cost plastics packaging .....	November	160	Surge in use of collapsible tubes; England .....	December	80
<b>THERMOPLASTICS</b>			Tear-open can for tubes; Eitel-McCullough, Inc. ....	October	119
Hot melts .....	October	113	Testing plastics tubes .....	July	152
New thermoplastics polyolefin (TPX polymer); Imperial Chemical Industries, Ltd. ....	June	60	Tubes by the set for radio and television repairs; Industrial Components Div. of Raytheon Co. ....	September	154
New, transparent, tough and resilient thermoplastic material (Surlin); E. I. duPont de Nemours & Co. ....	October	56	Twin Pines Farm Dairy .....		
Packaging in thermoplastic .....	December	110	Stronger shipping carton for potato chips at lower materials cost .....	May	160
Tough new plastics with packaging potential; Imperial Chemical Industries (England) .....	July	80	Type size for contents declarations .....	October	41
Three-dimensional plastics materials .....	October	154	Typographic measurements .....	February	41
<b>TINPLATING</b>					
Aluminum coating on steel can stock proposed as a replacement for tinplating .....	March	134	<b>U</b>		
<b>TISSUES</b>			Ultrasonics (see Engineering)		
Quadrant-design dispensing carton and redesigned pocket pack; Kimberly-Clark Corp. ....	March	152	Underwood, Wm. Co. ....		
<b>TOBACCO</b>			Two brands on one label .....	November	95
Engineering a new weighing system at Sutliff Tobacco; J. Herbert Sledge and Victor Del Rosso .....	September	159	Union Carbide Corporation .....		
Pipe tobacco .....	July	114, 204	Anti-freeze and coolant; mass display. ....	June	102
Toiletries (see Cosmetics and Toiletries)			Phenoxy bottles .....	October	153
<b>TOOTHBRUSHES</b>			Pop-out dispenser for film bags .....	July	138
Aerosol toothbrush; Kayden Product Development Corp. ....	April	214	United Biscuit Co. ....	November	113
Function for foam and sheet; electric toothbrush kit packed in two-piece molded polystyrene-foam box; E. R. Squibb & Sons .....	April	108	Flip-top carton for crackers .....		
<b>TOOTH PASTE</b>			<b>UNITED STATES</b>		
New ingredient dictates 'ethical' design look; Bristol-Myers Co. ....	October	127	Food & Drug Administration, F&DA extensions. ....	December	200
<b>TOYS AND GAMES</b>			F&DA extensions .....	February	213
Four steps to tripled sales of polyethylene toy trucks, cars and military vehicles; Andy Gard Corp. ....	June	96	F&DA approves rosins .....	September	44
Skin pack that flows on; Strombecker Corp. ....	May	122	Regulation on petroleum waxes in packaging materials .....	September	163
<b>TRADEMARKS AND BRANDS</b>			Regulation re use of petroleum waxes for food packaging .....	November	154
Brand loyalty .....	October	44	Tolerance limits for solvents used in coating cellophane. ....		
Packaging piracy; protection of brand names and package designs from duplication; Proctor & Gamble .....	May	157	U. S. Borax & Chemical Corp. ....		
Trademarks in the Marketplace; U. S. Trademark Assn. ....	October	220	A breakthrough by Boraxo powdered hand soap; sculptured polyethylene container .....	February	103
Trading-Stamp Companies .....	August	123	U. S. Steel Corp. ....	June	48
<b>TRAYS</b>			Can plate; coating with vacuum-deposited aluminum .....	January	158
Automatic compression and loading of trays; Allpac, Inc. ....	February	168	New way to coat steel .....		
Automation of tray packaging; Suffolk Farms Packaging Co. ....	February	111	<b>URETHANE</b>		
Clover-leaf-design plastics produce tray; Plast-O-Pak Corp. ....	October	60	Urethane-foam process .....	January	119
Corrugated trays of vegetables sleeve wrapped with PVC shrink film; Green Giant Co. ....	September	110	<b>V</b>		
Foam-plastics tray for apples; Dow Chemical Co. ....	September	62	<b>VACUUM FORMING</b>		
Heat-seal tray-former for baked and frozen foods; Federal Paper Board Co. ....	May	58	Portable vacuum-forming machine; Dynavac Corp. ....	April	178
New machine applies hoods to foil trays at high speeds; Anaconda Equipment & Service Co. ....	January	50	<b>VACUUM PACKAGING</b>		
Polypropylene produce trays; WCB Containers (Manchester, England) .....	February	76	Flexible vacuum packaging of processed meats; survey by Meat magazine .....	March	46
Shrink-wrapped trays .....	July	101	Formed vacuum pack for bacon; Colonial Provision Co. ....	August	130
Sturdy new jacket-and-tray shipper eases retail chores; Continental Can Co. ....	July	52	Metal protection by vacuum; Stoddy Co. ....	September	142
Trayer-lidder offers versatile carton of pre-wrapped product; R. A. Jones & Co. ....	September	58	Mobile vacuum packager .....	September	145
Upgrading a produce 'oditty' with shrink-wrapped four-pack trays; Boggiano Ranch & Packing Co. ....	February	113	Unit for vacuum and gas packaging; Giacomini Imperfoil .....	November	60
<b>TUBES AND TUBING</b>			Value analysis in packaging; Howard A. Richards .....	May	194
Automatic bundling of tubing; Cerro Copper & Brass Co. ....	November	104	Van Camp Sea Food Co. ....		
Automatic screen printing on layflat tubing; Brown, Davidson & Co. ....	January	54	Ultra-fine weighing control for canned tuna .....	June	96
Cap breaks seal in metal tube; Deutsche Nestle AG .....	September	86	Vegetable packaging (see Food Packaging -- Produce)		
Closing unit for collapsible tubes; National Instrument Co. ....	April	178	Vented food packages .....	February	44
Collapsible tube with safety closure; A. H. Wirz, Inc. ....	March	258	<b>VENDING MACHINES</b>		
Dual-tube unit forms, fills, seals bags; Triangle Package Machinery Co. ....	July	56	Standardized inserts cut shipping costs for vending machines; Seeburg Corp. ....	December	117
Effective tube-closure liners .....	December	148	Trends in automatic vending industry. ....	October	44
Ethyl-vinyl acetate copolymer developed for extruded tubing and sheeting; U. S. Industrial Chemicals Co. ....	May	58	Venezuela .....		
Foam for costly tubes; Westinghouse Electric Corp., Electronic Tube Div. ....	June	100	Polypropylene for cigarettes .....	June	78
Heat-transfer labeling of plastics tubes; Alberto-Culver Co. ....	March	138	<b>VETERINARY PRODUCTS</b>		
Machine fills plastics tube at high speed; R. Hurwich Co. ....	March	68	Pouch-and-tube disposable syringe for veterinary products; Day, Son & Hewitt, Ltd. (England) .....	December	80
New plastics-tube filler, sealer; R. Hurwich Co. ....	April	58	<b>VIALS</b>		
New tube filling/closing/cartoning system; Industrie Werke Karlsruhe Ag. ....	May	198	New unit fills and caps vials; National Instrument Co. ....	December	60
			<b>VIBRATORS</b>		
			Vibrator for testing packages; L. A. B. Co. ....	February	58
			Vick Chemical Co. (Richardson-Merrell) .....		
			Promotion sleeve offers 100% more display area for a medical product .....	December	116
			Victor Coffee Co. ....		
			Tea bags in plastics-reclosure 'coffee can' .....	November	103
			Volatile substances, Transfer of. ....	May	167
			Volume packaging; study by foreign executives .....	November	204
			<b>W</b>		
			Warner-Lambert Pharmaceutical Co., Du Barry Division		
			'Dresser-drawer' carton builds multi-unit lipstick sales .....	April	109
			<b>WATER VAPOR</b>		
			New instrument measures WVTR; Testing Machines Inc. ....	January	52
			Transmission rates .....	December	126
			Wax in packaging .....	August	184

	Month	Page
<b>WAXES</b>		
Safety of petroleum waxes; A. J. Turchetti	September	163
Waxes and polishes; container achievements in last five years; S. C. Johnson & Sons, Inc.	May	130

#### WEIGHING MACHINES AND DEVICES

Accurate weighing of free-flowing products; High-Speed Checkweighing Co.	May	60
Breakthrough in weighing techniques	May	153
Checkweigher for gross underweight; Illamitronic Systems Corp.	December	56
Continuous-motion checkweigher; Toledo Scale, Systems Div.	June	160
The cost of exact weight	February	150
Easy-to-read checkweigher; Torsion Balance Co.	March	68
Engineering a new weighing system; J. Herbert Sledge and Victor DeRosso	September	159
New checkweigher/conveyor; Hamac Hansella Maschinen GmbH	July	56
New checkweigher uses air-pressure controls; Pneumatic Scale Corp., Ltd.	October	62
New modular-design checkweigher; Exact Weight Scale Co.	July	170
New speed, accuracy in weighing unit (Flexitron scale); Triangle Package Machinery Co.	August	56
Precise weight by count for candies; Follytown Co.	March	156
A step to computerized weighing; J. Lyons & Co., Ltd.	March	173
Ultra-fine weighing control for canned tuna; Van Camp Sea Food Co.	June	96
Weight printer; Howe Richardson Scale Co.	May	58
Weights and Measures conference	January	180
Weights and measures law in West Germany	December	82
Weiss Noodle Co.		
Tight pillow for a brittle product	August	120

#### WELDING

Spin welder for limited-production runs; Brown Machine Co., Wessel Hardware Corp.	May	56
Skin package with new ionomer	March	144
West Germany		
Bagged coffee; migration from plastics to foods; printing on heavy-duty plastics tubing	January	70
Cans for paint and lacquer products	December	82
Cap breaks seal in metal tube; For corrugated, a production explosion; Big skin pack simplifies inventory; Coffee from a cigarette-vending machine	September	86
Chocolate bars formed in the package	December	82
Instant-response computer/labeler	October	90
Issue of 'deceptive packaging'	October	90
New marketing pressure for aerosols; Tamperproof plastics champagne cork; Plastics shipping bags	June	78
Packaging trends	September	86
Plastics beer barrel	December	82
Plastics processing	October	90
Proposed amendment to weights and measures law	December	82
University-level courses in packaging	December	82
Western Art Co.		
Better wrap with PVC for line of scenic stationery and greeting cards	July	135
Western Packaging Exposition	September	144
Western Peat Co.		
Bag handle shares the load;	March	152
Big, strong bag for peat	November	142
Western Salt Co.		
Faster bagging at lower costs	February	120
Westinghouse Electric Corp., Electronic Tube Div.		
Foam for costly tubes	June	100
Whiskey (see Alcoholic Beverages)		
Wilds Baking Co.		
Shrink film wrap affords distinction to specialty bread	December	102

#### WOODEN CONTAINERS

Waxed wood cases; Holland	September	84
Woodpulp, bleaching process; Weyerhaeuser	June	48

#### WORLD REPORT

Packaging trends as observed abroad	September	84
	October	90
	November	84
	December	80
	January	70
	February	76
	March	110
	April	82
	May	88
	June	76
	July	80
	August	78

#### WRAPPERS

Combine of efficiency; switch in protective wrappings and shift to automatic packaging; Alloy Automotive Co.	January	115
Compact overwrapper for supermarkets; Package Machinery Co.	August	56
Dead-fold cellophane for candy wraps; American Viscose Div. of FMC	October	58
Materials change without new machinery saves 20%; Aurora Plastics Corp.	September	146
Polyolefin bread wrap film; Perry Industries, Inc.	October	62
Polypropylene film for wrapping candies; Extrude Film Corp.	May	60
Shrink film wrap affords distinction to specialty bread; Wilds Baking Co.	December	102
Tri-laminate bread-wrap; Kordite Corp.	February	60

#### WRAPPING MACHINES AND DEVICE

Air-operated center folder for PVC film; Great Lakes Stamp & Mfg. Co.	June	58
Automatic overwrapping of pastries; Battle Creek Packaging Machines, Inc.	January	54
Automatic wrapper ("Weegal") for produce	January	180
Breakable minimized by shrink wrapping stemware and fine china to paperboard backings; Higbee Co., Cleveland	June	121
Corrugated tray of vegetables sleeve wrapped with PVC shrink film; Green Giant Co.	September	110
Displays at Western Packaging Exposition	September	145
High-speed overwrapper; Battle Creek Packaging Machines, Inc.	March	260
	April	58
	June	60
	February	150
	September	64
High-speed shrink wrappers		
Loose film wrap formed by new machine; Kartridg-Pak Co.	October	64
Machine makes box-type wraps for snack foods and vended baked goods; Package Machinery Co.	October	64
Machine packages cheese in shrink film; U. S. Alpma Hain & Co.	May	56
Mobile packaging unit; shrink-wrap machine; Doughboy Industries	February	185
New efficiency in shrink wrapping; Keel Mfg. Co.	February	116
New unit cuts and seals plastics-film wrap on large package; Singer Co., Cobble Div.	August	52
New unit feeds parts to overwrapper; automatic medicine-dropper loading mechanism; PMC Industries	September	204
New variable speed overwrapper	November	60
Overwrap machine; Halm Instrument Co.	September	60
Paper-wrapping machines	July	100
Processes for wrapping cans in corrugated; Continental Can Co. and International Paper	April	54
Putting saran's cling to work; doughnut wrapping and sealing; Jewel Tea Co.	December	120
Rear tucker speeds large-product packaging; Pemco, Inc.	February	168
Running high-yield films; Walter M. Farrelly	November	145
Shrink wrap equipment	May	153
Shrink-wrap machine	September	145
Shrink-wrapped trays	July	101
Shrink wrapping	December	114
Shrink wrapping provides better package at twice the speed; Franklin Refolding Co.	August	133
Unit wraps food patties in plastics film; Crompton & Knowles Corp.	May	58
Wrap-around corrugated shippers	July	99
Wrapping cylindrical products	November	160
